Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Manual of Juvenile Laws This manual is intended as a reference book for everyone who may be interested in social and community, problems. It is hoped that the manual may be of service to citizenship classes, women s clubs, and various other groups and associations; also to those preparing for civil service examinations as well as to all social workers and others who have at heart civic and social welfare. The text in most instances is a condensed statement of the law. The marginal references indicate where the law in full may be found. Whenever there is any doubt as to the application or the proper construction of any law, the full text should be consulted and it is a wise precaution to do this when court action is contemplated. This manual does not purport to contain every law but does contain all of the important ones pertaining to women and children. The topics of the manual are arranged alphabetically. A special effort has been made to make the index serviceable. If what is sought is not found under one heading the user of the manual should search the index under other headings.
