Amidst the difficult economic times, this book was written in order to assist the individual in the financial management of daily and weekly household expenses. This workbook provides an immediately usable checklist to assist the reader in investigating his or her monthly expenses, and saving money through the use of a simple-to-use worksheet. It is designed so that the reader can use it to identify everyday expenses, and to cut out unnecessary costs. It is often difficult to find extra income, but it is easier to eliminate wasted expenditures that one is so accustomed to in life's routine that it is quite often hidden to the average individual's awareness. Without such a well thought out working plan, it is nearly impossible to carry out a savings plan. Vague intentions most likely will not succeed in saving you money; however, a detailed checklist serves to track your costs, making savings an actual reality. It is just like any business action plan in a commercial enterprise, which...
