Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Do you or a loved one have a diagnosis of colon cancer? Did you know that changing your diet could lower your risk of dying of it even after you've been diagnosed? When you finish this book I want you to be able to tell me, in one minute or less, how you should eat, exercise, and supplement to lower your risk of dying of colon cancer after you've been diagnosed with it. If you can do that, please tell me and everyone else in a book review and on my website. When I was diagnosed with colon cancer I went looking for information on what I could do and no one had the answers I wanted. I found the best answers available in the medical literature. It helps that I trained as a Naturopathic Doctor before my diagnosis. I know a fair amount about both natural and conventional alternatives. And I can read medicalese so you don't have to. It's terrible to be where we are. But we have choices, and this book is my way of giving us direction and hope.
