

## The End of Phenomenology: Metaphysics and the New Realism

By Tom Sparrow

Edinburgh University Press. Paperback. Book Condition: new. BRAND NEW, The End of Phenomenology: Metaphysics and the New Realism, Tom Sparrow, In the 20th century, phenomenology promised a method that would get philosophy "back to the things themselves". But phenomenology has always been haunted by the spectre of an anthropocentric antirealism. Tom Sparrow shows how, in the 21st century, speculative realism aims to do what phenomenology could not: provide a philosophical method that disengages the human-centred approach to metaphysics in order to chronicle the complex realm of nonhuman reality. Through a focused reading of the methodological statements and metaphysical commitments of key phenomenologists and speculative realists, Sparrow shows how speculative realism is replacing phenomenology as the beacon of realism in contemporary Continental philosophy. Show More Show Less.
