## Nature and Science on the Pacific Coast: A Guide-Book for Scientific Travelers in the West (Classic Reprint) (Paperback)

By American Association for the Committee

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Nature and Science on the Pacific Coast: A Guide-Book for Scientific Travelers in the West The Pacific Coast region of the United States contains many distinctive natural features and much unique material for scientific research. Many of the problems presented here are peculiar to the West, but in their larger aspects they have a significant bearing upon fundamental questions of world-wide concern both in the field of natural science and in the relation of these problems to the affairs of men. However interesting western materials may be, the traveler wishing to know of them has little time for study, and sources of information which might be used are frequently scattered or inaccessible. Recognizing the need for ready information on nature and science in the West, the Pacific Coast Committee of the American Association for the Advancement of Science has considered it desirable in this year of the two expositions celebrating the opening of the Panama Canal to bring together in hand-book form concise data upon matters of general interest for the use of travelers in...
