He founded the Lollard movement, a precursor to the Protestant Reformation (thus he became known as The Morning Star of the Reformation ). He was one of the earliest antagonists of the papal encroachments on secular power. Wycliffe felt that all Christians should have access to the Bible in the vernacular. He is credited as the force behind the first complete translation of the Bible into English. John Wycliffe - The Morning Star of the Reformation is highly recommended for those interested in learning more about this important English theologian.
