In their legendary book, *Reengineering the Corporation*, Jim Champy and Michael Hammer introduced businesspeople to the enormous power of a revolutionary methodology called reengineering. Using reengineering, businesses around the world have systematically retooled their processes--achieving dramatic cost savings, greater customer satisfaction, and more value. Now, Jim Champy and Dr. Harry Greenspun show how to apply the proven reengineering methodology in health care: throughout physician practices, hospitals, and even entire health systems. You'll meet innovative and visionary leaders who've been successfully reengineering organizations across the entire delivery spectrum and learn powerful lessons for improving quality, reducing costs, and expanding access. This book doesn't just demonstrate the immense potential of health care reengineering to revolutionize health care delivery: it offers a clear roadmap for realizing that potential in your own organization.
